

Future Physicist International Summer Camp (FPISC)

Summer festival in USTC
1~14 July, 2019

WHAT IS FPISC?

Are you looking for an opportunity to spend your summer in China? Check out FPISC and get ready to immerse yourself in a multicultural environment and gain insights into Chinese culture!

The 'Future Scientist International Summer Camp' (FPISC) is organized by University of Science and Technology of China (USTC), designing for undergraduates majoring in science. The camp will offer cutting-edge reports in advanced sciences, Chinese culture lectures, field trips to cultural sites and opportunities to collaborate and interact with USTC students. FPISC will provide you with an exceptional opportunity to combine high-quality learning, hands-on research and an unforgettable summer experience.

INFORMATION & ADMISSION

FPISC is targeted for undergraduates above the freshman level from prominent international universities. We welcome Bachelor's students in their second to last year to apply for our summer camp. Online application will last from January 10 to March 20, 2019.

Please find detailed information and admission details at <http://fpisc.ustc.edu.cn/> for the FPISC. The camp will admit 30 eligible students.

SCHOLARSHIP

Once admitted, campers will get FPISC scholarship of 4000~12000RMB to cover the round-trip flight tickets and daily cost during the camp. Additionally, the accommodation and insurance fees during the camp will be covered by USTC.
