

# 2026

## HARBIN INSTITUTE OF TECHNOLOGY SUMMER SHORT-TERM CHINESE LANGUAGE PROGRAM

2026.07.05-2026.08.01

哈爾濱工業大學  
HARBIN INSTITUTE OF TECHNOLOGY

# About Harbin

## GEOGRAPHICAL LOCATION

The most northeast capital city in China; Known as Oriental Paris or Ice City.

## LANGUAGE ADVANTAGE

Harbin is one of the most standard Mandarin-speaking cities in China.

## CLIMATE CHARACTERISTICS

With four distinct seasons, Harbin is renowned as both a city of ice and snow and a refreshing summer retreat.

## TRANSPORTATION

Important Railway Hub. Convenient transportation access to the entire country.

# About Harbin Institute of Technology

One of China's first 6 leading universities

---

A member of China's Top Nine University Union (C9)

---

Double First-class Construction University-Category A

---

No.3 in the US News Best Global Universities for Engineering

## Course Duration

80 Class hours  
20 class hours/week

## Levels

Three levels—beginner, intermediate, and advanced, further subdivided into 6–7 teaching tiers.

## Content

Lectures (explanation of lexis and grammar)	Review and practice (oral communication exercises)	Traditional culture experiences
		An overview of China
Oral practice	Task practice	Scenic spot visits, etc

## Learning Outcomes

Upon completing the beginner-level course tasks, students will be able to proficiently use daily communicative expressions and improve the standardization of their pronunciation and intonation.

Upon completing the intermediate-level course tasks, students will further enrich their Chinese language knowledge, master Chinese communicative strategies, and develop appropriate language communication skills.

Upon completing the advanced-level course tasks, engage in in-depth discussions on various topics using Chinese, develop critical thinking skills, and enhance their cross-cultural communication abilities.
